Michael,
How you vote is your personal decision. Your union recommends
JOE BIDEN FOR PRESIDENT

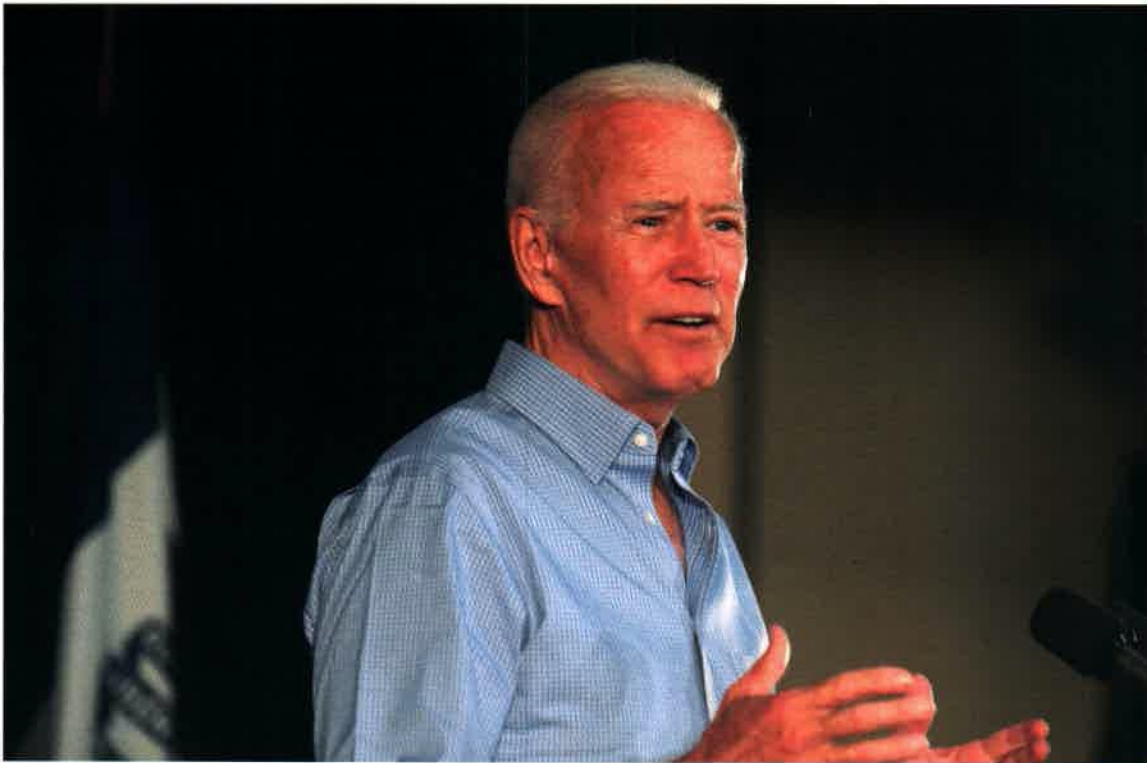

Strong unions have always meant a good life and the ability to take care of our families. Joe has always stood up for union workers and supported union rights.

Joe will pull America out of the devastation caused by COVID-19. To create strong jobs, he will strengthen labor unions so workers can bargain together for better wages and benefits. His plan:

Rein in corporate abuse of labor unions and hold CEOs personally accountable for violations of labor laws.

Pass the PRO Act so more workers can band together to bargain collectively for better wages and benefits.

Ensure workplace protections meet safety and health requirements, and workers are treated with dignity.
